

TABLE OF CONTENTS

Textbook of Clinical Parasitology in Dogs and Cats

1- GASTROINTESTINAL PARASITOSEs

Oesophageal and gastric parasitoses

Intestinal parasitoses

Hepatic parasitoses

2- INTERNAL NON-GASTROINTESTINAL PARASITOSEs

Blood parasitoses

Respiratory and circulatory parasitoses

Disseminated parasitoses

Miscellaneous parasitoses

3- EXTERNAL PARASITOSEs

Entomoses

Acarioses

4- PARASITOLOGICAL DIAGNOSIS

General principles

Coproscopy

Blood and lymph examination

Dermatological examination

5- TREATMENT AND PROPHYLAXIS

Anthelmintics

Antiprotozoals

Ectoparasitocides

APPENDICES

General definitions

Major parasitoses of dogs and cats

Arthropods and vector-borne diseases

Taxonomy of the main parasites of dogs and cats

ALPHABETICAL INDEX

SELECTED BIBLIOGRAPHY.
