

# TABLE OF CONTENTS – Advances in Small Animal Total Joint Replacement

Contributors

Foreword

*Marvin L. Olmstead*

Foreword

*David J. DeYoung*

Foreword xvii

*Mark D. Markel, Chair of the Board of Trustees ACVS Foundation*

Preface and Acknowledgments xix

1. The History of Joint Replacement in Veterinary Surgery 3

*Mariana Quina and Jeffrey N. Peck*

2. Implant Materials: Structural 11

*Simon C. Roe*

3. Implant Materials: Surface Coating 19

*David J. DeYoung and Denis J. Marcellin-Little*

4. Weight-Bearing Surfaces 31

*Jeffrey N. Peck*

5. Methods of Immediate Fixation 39

*Kei Hayashi and Kurt S. Schulz*

6. Biomechanical Considerations in Total Hip Replacement 53

*Michael P. Kowaleski*

7. Clinical Application of Total Hip Replacement 69

*Jeffrey N. Peck, William D. Liska, David J. DeYoung, and Denis J. Marcellin-Little*

8. Revision Strategies for Total Hip Replacement 109

*Jeffrey N. Peck and Denis J. Marcellin-Little*

9. Biomechanical Considerations in Total Knee Replacement 131

*Matthew Allen and Kenneth Mann*

10. Clinical Application of Total Knee Replacement 151

*Melvyn Pond*

11. Biomechanical Considerations in Total Elbow Development 163  
*Greg Van Der Meulen*

12. Clinical Application of Total Elbow Replacement in Dogs 179  
*Loïc M. Déjardin, Reunan P. Guillou, and Michael Conzemius*

13. Emerging Arthroplasties 199  
*Jeffrey N. Peck*

14. Custom Total Joint Arthroplasty 223  
*Denis J. Marcellin-Little and Ola L.A. Harrysson*

Index 243.
