| Preface | XVII | |
| Part I Diagnosis of Gastrointestinal Disorders | | |
| 1 Diagnostic Tools | | |
| 1.1 Clinical History | 3 | |
| 1.1.1 Introduction | 3 | |
| 1.1.2 History of specific gastrointestinal signs | 3 | |
| 1.1.2.1 Dysphagia and regurgitation | 3 | |
| 1.1.2.2 Gagging | 5 | |
| 1.1.2.3 Vomiting | 5 | |
| 1.1.2.4 Retching | 6 | |
| 1.1.2.5 Diarrhea | 6 | |
| 1.1.2.6 Other stool abnormalities | 6 | |
| 1.1.2.7 Flatulence and borborygmus | 7 | |
| 1.1.2.8 Dyschezia | 8 | |
| 1.1.2.9 Constipation | 8 | |
| 1.1.2.10 Fecal incontinence | 8 | |
| 1.1.2.11 Anal pruritus | 8 | |
| 1.1.2.12 Abdominal pain | 8 | |
| 1.1.3 Dietary history | 8 | |
| 1.2 Physical Examination | 9 | |
| 1.2.1 Introduction | 9 | |
| 1.2.2 General physical examination | 10 | |
| 1.2.2.1 Skeletal growth and development | 10 | |
| 1.2.2.2 Body condition | 10 | |
| 1.2.2.3 Mental status | 10 | |
| 1.2.2.4 Abnormalities in posture and locomotion | 10 | |
| 1.2.2.5 Mucous membranes | 11 | |
| 1.2.2.6 Peripheral lymph nodes | 11 | |
| 1.2.2.7 Skin and subcutaneous tissue | 11 | |
| 1.2.2.8 Body temperature | 12 | |
| 1.2.2.9 Pulse rate | 12 | |
| 1.2.2.10 Respiratory rate | 12 | |
| 1.2.3 Examination of the gastrointestinal tract | 13 | |
| 1.3 Diagnostic Imaging | 16 | |
| 1.3.1 Introduction | 16 | |
| 1.3.2 Oropharynx | 17 | |
| 1.3.2.1 Structural abnormalities | 18 | |
| 1.3.2.2 Functional Disorders | 19 | |
| 1.3.3 Esophagus | 22 | |
| 1.3.3.1 Generalized esophageal dilation | 22 | |
| 1.3.3.2 Segmental esophageal dilation | 25 | |
| 1.3.4 Stomach | 25 | |
| 1.3.4.1 Gastric dilation and volvulus | 25 | |
| 1.3.4.2 Gastric causes of chronic vomiting | 27 | |
| 1.3.4.3 Diagnosis of delayed gastric emptying | 28 | |
| 1.3.5 Small intestine | 28 | |
| 1.3.5.1 Ileus | 28 | |
| 1.3.5.2 Partial obstructions | 29 | |
| 1.3.5.3 Complete obstructions | 32 | |
| 1.3.5.4 Functional ileus | 32 | |
| 1.3.5.5 Detecting ileus with ultrasound | 33 | |
| 1.3.5.6 Complicated ileus | 33 | |
| 1.3.5.7 Chronic diarrhea | 35 | |
| 1.3.5.8 Diffuse bowel wall infiltration | 35 | |
| 1.3.5.9 Gastrointestinal hemodynamic assessment with Doppler ultrasound | 36 | |
| 1.3.6 Large intestine | 36 | |
| 1.3.7 Liver and biliary tract | 38 | |
| 1.3.7.1 Hepatic parenchymal disease | 38 | |
| 1.3.7.2 Non-obstructive biliary tract disease | 41 | |
| 1.3.7.3 Obstructive disease | 43 | |
| 1.3.7.4 Interventional procedures of the liver and biliary system | 43 | |
| 1.3.8 Pancreas | 44 | |
| 1.3.8.1 Pancreatitis | 44 | |
| 1.3.8.2 Pancreatic neoplasia | 45 | |
| 1.4 Laboratory Tests | 48 | |
| 1.4.1 Laboratory assessment of gastric disease | 48 | |
| 1.4.1.1 Introduction | 48 | |
| 1.4.1.2 Evaluation for parasitic infestation | 48 | |
| 1.4.1.3 Sucrose permeability testing | 48 | |
| 1.4.1.4 Minimally-invasive markers for gastric disease | 48 | |
| 1.4.1.5 Analysis of gastric juice | 49 | |
| 1.4.1.6 Evaluation of gastric emptying time | 49 | |
| 1.4.2 Laboratory tests for the diagnosis of intestinal disorders | 50 | |
| 1.4.2.1 Introduction | 50 | |
| 1.4.2.2 Assessment of serum cobalamin and folate concentrations | 50 | |
| 1.4.2.3 Assessment of gastrointestinal protein loss | 53 | |
| 1.4.2.4 Assessment of intestinal absorptive capacity and barrier function | 54 | |
| 1.4.3 Laboratory tests for the diagnosis of liver disease | 56 | |
| 1.4.3.1 Introduction | 56 | |
| 1.4.3.2 Routine hematological testing, urinalysis, and fecal examination | 56 | |

| | | | | | |
|------------|---|----|------------|---|-----|
| 1.4.3.3 | Analysis of ascites fluid | 57 | 1.6.5.2 | Portography | 95 |
| 1.4.3.4 | Classical serum parameters | 57 | 1.6.5.3 | Other procedures | 96 |
| 1.4.3.5 | Other serum markers | 61 | 1.6.6 | Complications of laparoscopy | 96 |
| 1.4.3.6 | Abnormalities of coagulation parameters . | 62 | 1.7 | Cytology | 97 |
| 1.4.3.7 | Other hepatic function tests | 62 | 1.7.1 | Introduction | 97 |
| 1.4.3.8 | Species differences | 63 | 1.7.2 | Technique | 97 |
| 1.4.4 | Laboratory tests for the diagnosis of exocrine pancreatic disorders | 64 | 1.7.3 | Liver | 97 |
| 1.4.4.1 | Introduction | 64 | 1.7.3.1 | Normal liver cells | 97 |
| 1.4.4.2 | Pancreatitis | 64 | 1.7.3.2 | Hyperplasia | 99 |
| 1.4.4.3 | Exocrine pancreatic insufficiency (EPI) . | 65 | 1.7.3.3 | Inflammation | 99 |
| 1.4.5 | Molecular-genetics-based laboratory tests . | 67 | 1.7.3.4 | Neoplasia | 99 |
| 1.4.5.1 | Introduction | 67 | 1.7.3.5 | Other abnormalities of the liver | 99 |
| 1.4.5.2 | Test Development | 68 | 1.7.3.6 | Bile | 101 |
| 1.4.5.3 | Diseases of the esophagus and stomach . | 69 | 1.7.4 | Pancreas | 101 |
| 1.4.5.4 | Intestinal diseases | 69 | 1.7.5 | Stomach and intestines | 102 |
| 1.4.5.5 | Pancreatic disease | 70 | 1.8 | Histopathology | 104 |
| 1.4.5.6 | Liver disease | 70 | 1.8.1 | Introduction | 104 |
| 1.5 | Endoscopy | 72 | 1.8.2 | Types of gastrointestinal biopsies | 104 |
| 1.5.1 | Introduction | 72 | 1.8.2.1 | Endoscopic biopsies | 104 |
| 1.5.2 | Indications | 72 | 1.8.2.2 | Full-thickness biopsies | 104 |
| 1.5.3 | Basic principles of endoscopy | 72 | 1.8.2.3 | Needle biopsies | 105 |
| 1.5.3.1 | Choice of endoscopes | 72 | 1.8.2.4 | Brushing and curettage samples | 105 |
| 1.5.4 | Esophagogastroduodenoscopy | 73 | 1.8.3 | Advantages and disadvantages of different biopsy techniques | 105 |
| 1.5.4.1 | Preparation and anesthesia | 73 | 1.8.4 | Tissue handling and processing | 105 |
| 1.5.4.2 | Technique | 73 | 1.8.5 | Interpretation and misinterpretation of GI tract biopsies | 106 |
| 1.5.4.3 | Gastroduodenoscopy | 73 | 1.9 | Assessment of Gastrointestinal Motility | 108 |
| 1.5.5 | Colonoscopy | 75 | 1.9.1 | Disorders of gastrointestinal motility | 108 |
| 1.5.5.1 | Preparation and anesthesia | 75 | 1.9.2 | Methods for assessing gastrointestinal motility | 109 |
| 1.5.5.2 | Technique | 75 | 1.9.2.1 | Survey radiography | 109 |
| 1.5.6 | Proctoscopy | 76 | 1.9.2.2 | Contrast radiography – liquid barium | 109 |
| 1.5.7 | Diagnostic procedures | 76 | 1.9.2.3 | Contrast radiography – barium meal | 109 |
| 1.5.7.1 | Biopsy | 76 | 1.9.2.4 | Contrast radiography – BIPS | 109 |
| 1.5.7.2 | Mounting and handling tissue samples . | 79 | 1.9.2.5 | Ultrasonography | 109 |
| 1.5.8 | Appearance of the upper gastrointestinal tract | 80 | 1.9.2.6 | Nuclear scintigraphy | 109 |
| 1.5.8.1 | Abnormal findings | 80 | 1.9.2.7 | Tracer studies | 110 |
| 1.5.9 | Interventional procedures | 85 | 1.9.2.8 | Manometry | 110 |
| 1.5.9.1 | Foreign body removal | 85 | 1.9.2.9 | Functional MRI | 110 |
| 1.5.9.2 | Percutaneous gastrostomy tube | 87 | | | |
| 1.5.9.3 | Dilation of esophageal strictures | 87 | | | |
| 1.5.9.4 | Electrocautery techniques | 88 | | | |
| 1.6 | Diagnostic Laparoscopy | 89 | | | |
| 1.6.1 | Introduction | 89 | 2 | Clinical Evaluation of Dogs and Cats with Specific Clinical Signs | |
| 1.6.2 | Indications | 89 | | | |
| 1.6.3 | Laparoscopic equipment and technique . | 90 | 2.1 | Clinical Evaluation of Patients with Acute Signs of Gastrointestinal Disease | 115 |
| 1.6.3.1 | Basic equipment | 90 | 2.1.1 | Introduction | 115 |
| 1.6.3.2 | Procedural considerations | 91 | 2.1.2 | Diagnostic evaluation of vomiting | 115 |
| 1.6.4 | Biopsy techniques | 91 | 2.1.2.1 | Vomiting versus regurgitation | 115 |
| 1.6.4.1 | Liver biopsy | 91 | 2.1.2.2 | The vomiting reflex | 115 |
| 1.6.4.2 | Pancreatic Biopsy | 93 | 2.1.2.3 | Etiology of vomiting | 115 |
| 1.6.4.3 | Intestinal biopsy | 94 | 2.1.2.4 | History and physical examination | 115 |
| 1.6.4.4 | Other biopsy techniques | 95 | | | |
| 1.6.5 | Ancillary procedures | 95 | | | |
| 1.6.5.1 | Cholecystocentesis and cholecystography . | 95 | | | |

| | | | | | |
|------------|--|-----|------------|---|-----|
| 2.1.2.5 | Laboratory and ancillary testing | 116 | 3.3.3 | Gastroesophageal reflux | 142 |
| 2.1.3 | Diagnostic evaluation of acute diarrhea .. | 117 | 3.3.4 | Esophageal foreign bodies | 142 |
| 2.1.3.1 | Etiology of acute diarrhea | 117 | 3.3.5 | Esophageal strictures | 144 |
| 2.1.3.2 | Pathophysiological changes with acute diarrhea | 117 | 3.3.6 | Esophageal diverticula | 145 |
| 2.1.3.3 | History and physical examination | 118 | 3.3.7 | Airway-esophageal fistula | 146 |
| 2.1.3.4 | Laboratory and ancillary testing | 119 | 3.3.8 | Megaesophagus | 146 |
| 2.2 | Clinical Evaluation of Patients with Chronic Vomiting | 120 | 3.3.9 | Hiatal hernia | 147 |
| 2.2.1 | Introduction | 120 | 3.3.10 | Gastroesophageal intussusception | 148 |
| 2.2.2 | Initial evaluation | 121 | 3.3.11 | Vascular ring anomalies | 148 |
| 2.2.3 | Diagnostic approach | 123 | 3.3.12 | Neoplastic conditions of the esophagus .. | 151 |
| 2.2.4 | Secondary gastrointestinal disease | 124 | 4 | Stomach | |
| 2.2.4.1 | Hyperthyroidism | 124 | 4.1 | Introduction | 155 |
| 2.2.4.2 | Hepatobiliary disease | 124 | 4.2 | Anatomy | 155 |
| 2.2.4.3 | Renal failure | 125 | 4.3 | Gastric physiology | 155 |
| 2.2.4.4 | Hypoadrenocorticism | 125 | 4.3.1 | Gastric glands | 155 |
| 2.2.4.5 | Pancreatitis | 125 | 4.3.2 | Gastric secretion | 156 |
| 2.2.4.6 | Heartworm disease | 125 | 4.3.3 | The gastric mucosal barrier | 158 |
| 2.2.5 | Primary gastrointestinal disease | 125 | 4.4 | Diseases of the Stomach | 159 |
| 2.3 | Clinical Evaluation of Patients with Chronic Diarrhea | 127 | 4.4.1 | Gastritis | 159 |
| 2.3.1 | Introduction | 127 | 4.4.1.1 | Acute gastritis | 159 |
| 2.3.2 | General workup | 127 | 4.4.1.2 | Chronic gastritis | 161 |
| 2.3.2.1 | Case history | 127 | 4.4.1.2.1 | Lymphoplasmacytic gastritis | 161 |
| 2.3.2.2 | Physical examination | 127 | 4.4.1.2.2 | Eosinophilic gastritis | 162 |
| 2.3.2.3 | Laboratory evaluation | 127 | 4.4.1.2.3 | Hypertrophic gastritis | 162 |
| 2.3.3 | Division of patients according to the findings on initial evaluation | 128 | 4.4.1.2.4 | Atrophic gastritis | 162 |
| 2.3.3.1 | Patients with obvious abnormalities (A) .. | 128 | 4.4.1.2.5 | Helicobacter infection | 162 |
| 2.3.3.2 | Patients with diarrhea without any other obvious abnormalities (B) .. | 128 | 4.4.1.2.6 | Parasitic gastritis | 165 |
| 2.3.4 | Diagnostic imaging (C) | 132 | 4.4.1.2.7 | Treatment of chronic gastritis | 166 |
| 2.3.4.1 | Abdominal ultrasonography | 132 | 4.4.1.3 | Gastric ulceration | 166 |
| 2.3.4.2 | Endoscopy | 132 | 4.4.2 | Gastric dilation-volvulus | 169 |
| 2.3.4.3 | Abdominal radiography | 132 | 4.4.3 | Motility disorders | 171 |
| 2.4 | Clinical Evaluation of Patient with Chronic Weight Loss | 133 | 4.4.4 | Neoplastic conditions of the stomach .. | 176 |
| 2.4.1 | Introduction | 133 | 5 | Small Intestine | |
| 2.4.2 | Pathophysiology | 134 | 5.1 | Anatomy | 181 |
| 2.4.3 | Etiology | 134 | 5.1.1 | Introduction | 181 |
| 2.4.4 | Diagnosis | 135 | 5.1.2 | Gross anatomy of the intestinal tract .. | 181 |

Part II Diseases of the Gastrointestinal Tract

| | | |
|------------|--|-----|
| 3 | Esophagus | |
| 3.1 | Anatomy | 139 |
| 3.2 | Physiology | 140 |
| 3.3 | Diseases of the Esophagus | 140 |
| 3.3.1 | Cricopharyngeal achalasia | 140 |
| 3.3.2 | Esophagitis | 141 |
| 5 | Small Intestine | |
| 5.1 | Anatomy | 181 |
| 5.1.1 | Introduction | 181 |
| 5.1.2 | Gross anatomy of the intestinal tract .. | 181 |
| 5.1.2.1 | Anatomical features of the small intestine .. | 181 |
| 5.1.2.1.1 | Increasing available surface area | 181 |
| 5.1.2.1.2 | Microscopic anatomy of the intestinal tract | 182 |
| 5.1.2.1.3 | Spatial variation in intestinal structure .. | 182 |
| 5.2 | Intestinal Physiology | 183 |
| 5.2.1 | Introduction | 183 |
| 5.2.2 | Secretion, digestion, and absorption: function of the villus | 183 |
| 5.2.3 | Regulation of secretion, absorption, and motility: gastrointestinal hormones | 184 |
| 5.2.4 | Gut-associated lymphoid tissue and the immune system | 185 |

| | | | | | |
|------------|---|-----|------------|---|-----|
| 5.2.5 | Intestinal bacteria | 186 | 6.4.2.2 | Clostridium perfringens enterotoxicosis | 223 |
| 5.3 | Small Intestinal Disease | 187 | 6.4.2.3 | Tritrichomonas foetus infection | 225 |
| 5.3.1 | Introduction | 187 | 6.4.3 | Irritable bowel syndrome | 226 |
| 5.3.2 | Infectious causes of small intestinal disease | 187 | 6.4.4 | Fiber-responsive large bowel diarrhea | 227 |
| 5.3.2.1 | Viral infections | 187 | 6.4.5 | Feline megacolon | 230 |
| 5.3.2.1.1 | Canine parvovirus enteritis | 187 | 6.4.6 | Neoplastic diseases of the large intestines . . | 236 |
| 5.3.2.1.2 | Canine distemper virus infection | 188 | | | |
| 5.3.2.1.3 | Feline coronavirus infection | 189 | | | |
| 5.3.2.1.4 | Feline panleukopenia | 189 | | | |
| 5.3.2.1.5 | Feline leukemia virus (FeLV) and feline immunodeficiency virus (FIV) | 189 | | | |
| 5.3.2.2 | Bacterial Infections | 189 | 7 | Liver | |
| 5.3.2.2.1 | Campylobacter spp. | 190 | 7.1 | Anatomy | 241 |
| 5.3.2.2.2 | Clostridium spp. | 190 | 7.1.1 | Biliary system | 241 |
| 5.3.2.2.3 | Enterobacteriaceae | 192 | 7.1.2 | Blood supply | 242 |
| 5.3.2.2.4 | Pathogenic E. coli | 192 | 7.1.3 | Microanatomy | 243 |
| 5.3.2.2.5 | Salmonellae | 192 | 7.2 | Physiology | 244 |
| 5.3.2.2.6 | Other bacteria | 192 | 7.3 | Diagnostic approach to patients with suspected liver disease | 245 |
| 5.3.2.3 | Fungal and algae infections | 193 | 7.3.1 | Prevalence of liver disease | 246 |
| 5.3.2.3.1 | Histoplasmosis | 193 | 7.3.2 | Symptoms associated with liver diseases . . | 246 |
| 5.3.2.3.2 | Pythiosis | 193 | 7.3.3 | Physical examination | 247 |
| 5.3.2.4 | Parasitic diseases | 195 | 7.3.4 | Diagnostic tests for liver disease | 247 |
| 5.3.2.4.1 | Helminths | 195 | 7.3.5 | Liver biopsy | 248 |
| 5.3.2.4.2 | Protozoal infections | 195 | 7.3.5.1 | General considerations | 248 |
| 5.3.2.4.3 | Other protozoal parasites | 198 | 7.3.5.2 | Biopsy techniques | 249 |
| 5.3.3 | Dietary indiscretion (garbage can intoxication) | 198 | 7.3.5.2.1 | True-cut biopsy needle | 249 |
| 5.3.4 | Intestinal obstruction – intestinal foreign bodies, intussusception, and intestinal torsion | 198 | 7.3.5.2.2 | The Menghini aspiration needle | 249 |
| 5.3.5 | Hemorrhagic gastroenteritis (HGE) | 199 | 7.3.5.2.3 | Fine needle aspiration | 249 |
| 5.3.6 | Short bowel syndrome | 199 | 7.3.5.3 | Surgical wedge biopsy | 249 |
| 5.3.7 | Motility disorders | 199 | 7.3.5.4 | Gall bladder aspiration | 250 |
| 5.3.8 | Alterations in the small intestinal microflora (Small intestinal bacterial overgrowth) | 202 | 7.4 | Complications of liver disease | 250 |
| 5.3.9 | Protein-losing enteropathies | 207 | 7.4.1 | Ascites | 250 |
| 5.3.10 | Neoplastic diseases of the small intestines . | 211 | 7.4.2 | Jaundice | 250 |
| 6 | Large Intestine | | 7.4.3 | Hepatic encephalopathy | 251 |
| 6.1 | Introduction | 217 | 7.4.3.1 | Management of hepatic encephalopathy . . | 254 |
| 6.2 | Anatomy | 217 | 7.4.4 | Coagulopathies | 254 |
| 6.3 | Physiology | 218 | 7.4.5 | Polyuria and polydipsia | 255 |
| 6.3.1 | Motility | 218 | 7.5 | Liver diseases of the dog | 255 |
| 6.3.2 | Water and electrolyte transport | 219 | 7.5.1 | Parenchymal liver diseases of the dog . . | 255 |
| 6.3.3 | Mucus secretion | 220 | 7.5.1.1 | Canine hepatitis | 255 |
| 6.3.4 | Colonic microflora | 220 | 7.5.1.1.1 | Acute Hepatitis | 255 |
| 6.3.5 | Immune function | 220 | 7.5.1.2 | Leptospirosis | 256 |
| 6.4 | Diseases of the Large Intestine | 221 | 7.5.1.3 | Chronic hepatitis and hepatic cirrhosis . . | 257 |
| 6.4.1 | Whipworms | 221 | 7.5.1.4 | Chronic hepatitis due to copper storage in the liver | 259 |
| 6.4.2 | Colitis | 223 | 7.5.1.5 | Lobular dissecting hepatitis | 261 |
| 6.4.2.1 | Histiocytic ulcerative colitis of Boxers . | 223 | 7.5.1.6 | Nonspecific reactive hepatitis | 261 |

| | | | | | |
|------------|---|-----|--------------------------------|---|-----|
| 7.5.3.2 | Hepatic congestion | 266 | 8.3.4.4 | Pancreatic bladder | 302 |
| 7.5.3.3 | Primary portal vein hypoplasia | 266 | 8.3.4.5 | Pancreatolithiasis | 302 |
| 7.5.3.4 | Portal vein thrombosis | 267 | 8.3.4.6 | Pancreatic nodular hyperplasia | 302 |
| 7.5.3.5 | Arteriovenous fistulas | 268 | 9 | Diseases that affect more than one Organ of the Gastrointestinal Tract | |
| 7.5.4 | Diseases of the biliary tract | 269 | 9.1 | Adverse Reactions to Food – Allergy versus Intolerance | 307 |
| 7.5.4.1 | Cholecystitis | 269 | 9.1.1 | Introduction | 307 |
| 7.5.4.2 | Biliary duct or gall bladder rupture | 269 | 9.1.2 | Terminology | 307 |
| 7.5.4.3 | Cystic liver disease | 269 | 9.1.3 | Etiopathogenesis of food allergy | 307 |
| 7.5.4.4 | Extrahepatic bile duct obstruction (EBDO) | 270 | 9.1.4 | Food allergies | 308 |
| 7.5.5 | Neoplastic conditions of the liver | 270 | 9.2 | Inflammatory Bowel Disease | 312 |
| 7.5.5.1 | Hepatocellular carcinoma and adenoma | 270 | 9.2.1 | Introduction | 312 |
| 7.5.5.2 | Hemangiosarcoma | 271 | 9.2.2 | Common principles of IBD | 313 |
| 7.5.5.3 | Malignant lymphoma | 271 | 9.2.2.1 | Etiology and pathogenesis | 313 |
| 7.5.5.4 | Bile duct carcinoma | 272 | 9.2.2.2 | Clinical presentation | 315 |
| 7.6 | Liver diseases in the cat | 272 | 9.2.2.3 | Diagnosis | 316 |
| 7.6.1 | Parenchymal liver diseases in cats | 272 | 9.2.2.4 | Treatment | 320 |
| 7.6.1.1 | Hepatic lipidosis | 272 | 9.2.3 | Lymphoplasmacytic enteritis (LPE) | 324 |
| 7.6.1.2 | Acute toxic hepatopathy | 274 | 9.2.4 | Lymphoplasmacytic colitis (LPC) | 324 |
| 7.6.1.3 | Hepatopathy due to infectious peritonitis (FIP) | 274 | 9.2.5 | Basenji enteropathy | 325 |
| 7.6.1.4 | Hepatic changes due to hyperthyroidism | 274 | 9.2.6 | Familial PLE and PLN in Soft-coated Wheaten Terriers | 325 |
| 7.6.1.5 | Nonspecific reactive hepatitis and amyloidosis | 275 | 9.2.7 | Eosinophilic enteritis (EE) | 326 |
| 7.6.2 | Vascular liver diseases in cats | 275 | 9.2.8 | Granulomatous enteritis | 326 |
| 7.6.2.1 | Congenital portosystemic shunt | 275 | 9.2.9 | Histiocytic ulcerative colitis (HUC) | 327 |
| 7.6.3 | Diseases of the biliary system in cats | 275 | 9.2.10 | Proliferative enteritis | 327 |
| 7.6.3.1 | Neutrophilic cholangitis | 276 | 9.3 | Gastrointestinal Lymphoma | 329 |
| 7.6.3.2 | Lymphocytic cholangitis | 276 | 9.3.1 | Feline gastrointestinal lymphoma | 329 |
| 7.6.3.3 | Extrahepatic bile duct obstruction (EBDO) | 278 | 9.3.2 | Canine gastrointestinal lymphoma | 335 |
