

TABLE OF CONTENTS

- **Part One: Cardiovascular System Disorders**
 1. Clinical Manifestations of Cardiac Disease
 2. Diagnostic Tests for the Cardiovascular System
 3. Management of Heart Failure
 4. Cardiac Arrhythmias and Antiarrhythmic Therapy
 5. Congenital Cardiac Disease
 6. Acquired Valvular and Endocardial Disease
 7. Myocardial Diseases of the Dog
 8. Myocardial Diseases of the Cat
 9. Pericardial Disease and Cardiac Tumors
 10. Pulmonary Hypertension and Heartworm Disease
 11. Systemic Arterial Hypertension
 12. Thromboembolic Disease

Part Two: Respiratory System Disorders

13. Clinical Manifestations of Nasal Disease
14. Diagnostic Tests for the Nasal Cavity and Paranasal Sinuses
15. Disorders of the Nasal Cavity
16. Clinical Manifestations of Laryngeal and Pharyngeal Disease
17. Diagnostic Tests for the Larynx and Pharynx
18. Disorders of the Larynx and Pharynx
19. Clinical Manifestations of Lower Respiratory Tract Disorders
20. Diagnostic Tests for the Lower Respiratory Tract
21. Disorders of the Trachea and Bronchi
22. Disorders of the Pulmonary Parenchyma and Vasculature
23. Clinical Manifestations and Diagnostic Tests of Pleural Cavity and Mediastinal Disease
24. Disorders of the Pleural Cavity and Mediastinum
25. Emergency Management of Respiratory Distress

Part Three: Digestive System Disorders

26. Clinical Manifestations of Gastrointestinal Disorders
27. Diagnostic Tests for the Alimentary Tract
28. General Therapeutic Principles
29. Disorders of the Oral Cavity, Pharynx and Esophagus
30. Disorders of the Stomach
31. Disorders of the Intestinal Tract
32. Disorders of the Peritoneum

Part Four: Hepatobiliary and Exocrine Pancreatic Disorders

33. Clinical Manifestations of Hepatobiliary and Pancreatic Disease
34. Diagnostic Tests for the Hepatobiliary and Pancreatic System
35. Hepatobiliary Diseases in the Cat
36. Hepatobiliary Diseases in the Dog
37. The Exocrine Pancreas

Part Five: Urinary Tract Disorders

38. Clinical Manifestations of Urinary Disorders

39. Diagnostic Tests for the Urinary System
40. Glomerular Disease
41. Acute Kidney Injury and Chronic Kidney Disease
42. Bacterial Cystitis, Pyelonephritis and Prostatitis in the Dog and Cat
43. Canine and Feline Urolithiasis
44. Obstructive and Nonobstructive Feline Idiopathic Cystitis
45. Disorders of Micturition

Part Six: Endocrine Disorders

46. Disorders of the Hypothalamus and Pituitary Gland
47. Disorders of the Parathyroid Gland
48. Disorders of the Thyroid Gland
49. Disorders of the Endocrine Pancreas
50. Disorders of the Adrenal Gland

Part Seven: Metabolic and Electrolyte Disorders

51. Weight Loss and Obesity
52. Hyperlipidemia
53. Electrolyte Imbalances

Part Eight: Reproductive System Disorders

54. The Practice of Theriogenology
55. Clinical Conditions of the Bitch and Queen
56. Clinical Conditions of the Dog and Tom
57. Neonatology and Pediatrics

Part Nine: Nervous and Neuromuscular Disorders

58. Lesion Localization and the Neurologic Examination
59. Diagnostic Tests for Nervous System and Neuromuscular Disorders
60. Intracranial Disorders
61. Loss of Vision and Pupillary Abnormalities
62. Seizures and Other Paroxysmal Events
63. Head Tilt
64. Encephalitis, Myelitis, and Meningitis
65. Disorders of the Spinal Cord
66. Disorders of Peripheral Nerves and the Neuromuscular Junction
67. Disorders of Muscle

Part Ten: Joint Disorders

68. Clinical Manifestation of and Diagnostic Tests for Joint Disorders
69. Disorders of the Joints

Part Eleven: Immune-Mediated Disorders

70. Pathogenesis of Immune-Mediated Disorders
71. Diagnostic Testing for Immune-Mediated Disease
72. Treatment of Primary Immune-Mediated Diseases
73. Common Immune-Mediated Diseases

Part Twelve: Oncology

74. Cytology
75. Principles of Cancer Treatment

76. Practical Chemotherapy
77. Complications of Cancer Chemotherapy
78. Approach to the Patient With a Mass
79. Lymphoma
80. Leukemias
81. Selected Neoplasms in Dogs and Cats

Part Thirteen: Hematology

82. Anemia
83. Clinical Pathology in Greyhounds and Other Sighthounds
84. Erythrocytosis
85. Leukopenia and Leukocytosis
86. Combined Cytopenias and Leukoerythroblastosis
87. Disorders of Hemostasis
88. Lymphadenopathy and Splenomegaly
89. Hyperproteinemia
90. Fever of Undetermined Origin

Part Fourteen: Infectious Diseases

91. Laboratory Diagnosis of Infectious Diseases
92. Practical Antimicrobial Chemotherapy
93. Prevention of Infectious Diseases
94. Polysystemic Bacterial Diseases
95. Polysystemic Rickettsial Diseases
96. Polysystemic Viral Diseases
97. Polysystemic Mycotic Infections
98. Polysystemic Protozoal Infections
99. Zoonoses.
