

# TABLE OF CONTENTS

## The Atlas of Chick Development 3rd Edition

### Chapter 1. The Hen's Egg and its Formation

The Reproductive Tract of the Hen

The Oviduct

The Ovulation Cycle in the Laying Hen

The Vitelline Membrane (Perivitelline Layer)

Transport of Materials Across the Vitelline Membrane

Albumen and the Chalazae

The Egg Shell and its Formation

The Laid Egg

### Chapter 2. Techniques

'Milking' Hens

Storage of Eggs

Incubation

Stages of Development

Labelling Techniques

Culture Techniques

Grafting and Transplants

*IN Ovo* Techniques

Preparation of Serial Sections

Instruments

Common Abnormalities

### **Chapter 3. Early Stages**

Fertilization and Pre-Laying

Normal Tables

The Early Post-Laying Stages

Gastrulation Movements

Ingression and Cell Migration Away from the Primitive Streak

### **Chapter 4. Establishment of the Embryonic Body**

Head Process and Regression

The Tailbud

Neural Induction

Formation of the Neural Plate and Neural Tube

Regionalization of the Neural Tissue

Formation of the Notochord and Somites

The Lateral Plate Mesoderm and the Intermediate Mesoderm

The Neural Crest

### **Chapter 5. External Appearance and Polarity**

Face

Origin of the Limbs

Growth of the Embryo

Apoptosis

Polarity: Symmetry and Asymmetry

### **Chapter 6. Heart, Blood Vessels and Lymphatics**

Heart

Primary and Secondary Heart Fields

The Blood Vessels

Embryonic Blood Vessels

The Venous System

The Endothelial and Haemopoietic Stem Cells

The Lymphatics

## **Chapter 7. Urino-Genital System**

The Urinary System

The Genital System

## **Chapter 8. Gut, Coelom and Respiratory System**

Early Stages

The Intestines

The Coelom, Mesenteries and Respiratory System

The Respiratory Tract

## **Chapter 9. Nervous System**

The Brain

Histology of the Spinal Cord and Development of the Fibre Tracts

Spinal Nerves

The Cranial Nerves and Ganglia

The Autonomic Nervous System

Organs of Special Sense

## **Chapter 10. Skeleton and Muscles**

Skeleton

The Muscles

## **Chapter 11. The Integument**

The Feathers

The Periderm

Beak and Claws

The Comb

The Uropygial Gland

Pigmentation

Innervation and Sensory Receptors in the Integument

## **Chapter 12. Endocrine Glands**

The Pituitary Gland

The Thyroid Gland

The Parathyroid Glands

The Adrenal Glands

The Pancreas

The Gonads

Gut Endocrine Cells

## **Chapter 13. Extra-Embryonic Membranes**

The Yolk Sac

The Amnion and Chorion

The Chorioallantoic Membrane

Photographic Plates

Appendices. Normal Tables

Appendix I. Normal Table of Eyal-Giladi and Kochav (1975)

Appendix II. Normal Table of Hamburger and Hamilton (1951; 1992)

Appendix III. Additional Normal Tables
