

• TABLE OF CONTENTS

Electrocardiography of Laboratory Animals 2nd Edition

Chapter 1 - Electrocardiography in Preclinical Safety

Pages 1-9

Chapter 2 - Fundamental Principles of Electrocardiography

Pages 11-20

Chapter 3 - Electrocardiography of Rodents

Pages 21-27

Chapter 4 - Electrocardiography of Rabbits

Page 29

Chapter 5 - Feline Electrocardiography

Pages 31-38

Chapter 6 - Canine Electrocardiography

Pages 39-52

Chapter 7 - Handling and Restraint of Nonhuman Primates

Pages 53-55

Chapter 8 - Electrocardiography of Nonhuman Primates

Pages 57-71

Chapter 9 - Electrocardiography of Neonates/Juveniles

Pages 73-75

Chapter 10 - Electrocardiography of Minipigs

Pages 77-86

Chapter 11 - Telemetry in Preclinical Safety Studies

Pages 87-88

Chapter 12 - PR (PQ), QRS, QT, and Other Issues

Pages 89-90

Chapter 13 - Blood Pressure

Pages 91-94

Chapter 14 - Self-Assessment

Pages 95-102

References

Pages 103-105
