

TABLE OF CONTENTS

Pain Management in Veterinary Practice

Preface xiii

Section 1: Introduction and Anatomy, Physiology, and Pathophysiology of Pain 1

1 Introduction: Pain: An Issue of Animal Welfare 3

Alice Crook

2 Anatomy, Physiology, and Pathophysiology of Pain 9

Yael Shilo and Peter J. Pascoe

3 Mechanisms of Cancer Pain 29

Cholawat Pacharinsak and Alvin J. Beitz

Section 2: Pharmacology of Analgesic Drugs 39

4 Opioids 41

Tanya Duke-Novakovski

5 Nonsteroidal Anti-Inflammatory Drugs and Corticosteroids 69

Stuart Clark-Price

6 Local Anesthetics 85

Kip A. Lemke

7 α -2 Adrenoceptor Agonists 93

Reza Seddighi

8 Nontraditional Analgesic Agents 105

Lydia Love and Dave Thompson

9 Novel Methods of Analgesic Drug Delivery 115

Lesley J. Smith

10 Pharmacokinetic Principles for the Design of Intravenous Infusions 125

Bruno H. Pypendop

Section 3: Nonpharmacological Pain Therapy 131

11 Canine Rehabilitation 133

Lowri Davies

12 Equine Rehabilitation 147

Lowri Davies

13 Custom External Coaptation as a Pain Management Tool: Veterinary Orthotics and Prosthetics 155

Martin W. Kaufmann and Patrice M. Mich

14 Myofascial Pain Syndrome in Dogs 161

Rick Wall

15 Traditional Chinese Herbal Medicine and Homeopathy in Pain Management 171
Lynelle Graham, Mona Boudreaux, and Steve Marsden

16 Mechanisms of Acupuncture Analgesia 177
Shauna Cantwell

17 Equine Acupuncture 183
Arthur I. Ortenburger

18 Canine Chiropractic and Pain Management 189
Robin Downing

19 Equine Chiropractic 195
Henry S. Adair

Section: 4 Management of Pain in Veterinary Species 199

20 Recognition and Assessment of Acute Pain in the Dog 201
Kate L. White

21 Treatment of Acute Pain in the Dog 209
Kate L. White

22 Recognition and Assessment of Chronic Pain in Dogs 227
Anna Hielm-Bjorkman

23 Treatment of Chronic Pain in Dogs 239
Anna Hielm-Bjorkman

24 The Recognition and Assessment of Pain in Cats 269
Kersti Seksel

25 Treatment of Acute Pain in Cats 275
Jacob A. Johnson

26 Treatment and Assessment of Chronic Pain in Cats 289
Bonnie Wright and Jessica K. Rychel

27 Cancer-associated Pain and its Management 299
Lydia Love and Lisa DiBernardi

28 Recognition and Treatment of Pain in the Small Animal Critical Care Patient 311
Jane Quandt

29 Recognition and Assessment of Pain in Horses 317
Emma Love

30 Treatment of Acute and Chronic Pain in Horses 323
Bernd Driessen and Laura Zarucco

31 Recognition and Assessment of Pain in Ruminants 349
Kevin J. Stafford

32 Treatment of Acute and Chronic Pain in Ruminants 359
Alexander Valverde

33 Recognition and Treatment of Pain in Camelids 373
Tamara Grubb

34 Recognition and Treatment of Pain in Pet Pigs 383

Kristie Mozzachio and Valarie V. Tynes

35 Recognition and Assessment of Pain in Small Exotic Mammals 391

Lesa Thompson

36 Treatment of Pain in Small Exotic Mammals 399

Cheryl B. Greenacre

37 Recognition and Treatment of Pain in Birds 407

Karen L. Machin

38 Recognition and Treatment of Pain in Reptiles, Amphibians, and Fish 417

Lysa Pam Posner and Sathya K. Chinnadurai

Section 5: Incorporating Pain Management into Your Practice and Hospice and Palliative Care 425

39 Integrating Pain Management into Veterinary Practice 427

Robin Downing

40 Pain Management in Hospice and Palliative Care 431

Keri Jones

Index 437.
