1 Biosecurity and Personal Equipment for Safe Handling and Restraint of Animals 1

Stella J. Chapman

1.1 Transmission of Disease 1

1.1.1 Zoonoses 1

1.1.2 Carriers 3

1.2 Infection Control 3

1.2.1 Biosecurity 3

1.2.2 Effective Cleaning and Disinfection 3

1.3 Assessing the Risk 4

1.3.1 Standard Operating Procedures 5

1.4 Personal Hygiene 5

1.4.1 Handwashing 6

1.4.2 Signs 7

1.5 Personal Protective Equipment (PPE) 7

1.5.1 General Points 8

1.5.2 Working with Horses 9

Key Points 10

Self-assessment Questions 10

Further Reading 11

2 Welfare Considerations for the Handling and Restraint of Animals 13

Stella J. Chapman

2.1 The Human–Animal Bond: Domestication as a Consideration of Welfare 13

2.2 Welfare Considerations 14

2.2.1 The Five Needs/Freedoms and Reference to Animal Handling and Restraint 14

2.3 Types of Restraints and Implications for Welfare 15

2.3.1 Dogs 16

2.3.2 Horses 16

2.4 Stress and Implications for Handling and Restraint 17

2.4.1 Fear 17

2.4.2 Novel Events 17

2.4.3 Previous Experience 17

2.4.4 Selection for Behavioural Traits 18

2.4.5 The Importance of Training to Improve Handling and Animal Welfare 18

Key Points 18

Self-assessment Questions 19

References 19

3 Handling and Restraint of Dogs 21

Susan M. Phillips and Stella J. Chapman

3.1 Canine Behaviour 22

3.1.1 Genetic Influences on Behaviour (Nature) 22

3.1.2 Environmental Influences on Behaviour (Nurture) 23

3.1.3 Canine Communication 24

3.1.4 Canine Aggression 25

3.2 Handling and Restraint of Dogs	25
3.2.1 Approaching a Dog	28
3.2.2 Kennelling a Dog	29
3.2.3 Moving Around the Premises	29
3.2.4 Physical Restraint	29
3.2.5 Lifting	34
3.3 Ancillary Equipment	38
3.3.1 Collar and Lead	38
3.3.2 Slip Lead	38
3.3.3 Harness	40
3.3.4 Halters	40
3.3.5 Muzzles	40
3.3.6 Catchers	41
3.3.7 Stretchers, Trolleys and Blankets	42
3.4 Training for Restraint	42
3.5 Special Considerations	43
3.5.1 Handling and Restraint of Puppies	43
3.5.2 The Geriatric Dog	43
3.5.3 Dealing with an Uncooperative or Aggressive Dog	44
Key Points	44
Self-assessment Questions	44

4 Handling and Restraint of Cats	47
<i>Susan M. Phillips and Stella J. Chapman</i>	
4.1 Feline Behaviour	48

4.1.1 Social Structure	48
4.1.2 Communication	48
4.1.3 Visual Communication	48
4.1.4 Olfactory Communication	51
4.1.5 Behaviour Responses	52
4.1.6 How this can Affect Handling	52
4.2 Handling and Restraint of Cats	52
4.2.1 Moving around the Premises	53
4.2.2 Removing Cats from Carriers and Cages	53
4.2.3 Placing Cats in Carriers and Cages	54
4.3 Physical Restraint	54
4.3.1 Lifting and Carrying Cats	54
4.3.2 Restraint in Standing Position	55
4.3.3 Restraint in Sitting Position	55
4.3.4 Restraint in Sternal Recumbency	56
4.3.5 Restraint in Lateral Recumbency	57
4.3.6 Restraint for Examination of the Head	57
4.3.7 Scruffing	57
4.4 Ancillary Equipment	57
4.4.1 Towels	58
4.4.2 Muzzles	59
4.4.3 Gloves and Gauntlets	59
4.4.4 Cat Bags	59
4.4.5 Nets	60
4.4.6 Cat Grabber/Snare	61

4.4.7 Crush Cages 61

4.5 Training for Restraint 61

4.6 Special Considerations 62

4.6.1 Handling and Restraint of Kittens: Socialization 62

4.6.2 Behavioural Changes Associated with Ageing 62

4.6.3 Dealing with an Aggressive or Uncooperative Cat 62

Key Points 63

Self-assessment Questions 64

5 Handling and Restraint of Rabbits 67

Bridget Roberts and Stella J. Chapman

5.1 Behaviour of Rabbits 68

5.1.1 Communication 68

5.2 Handling and Restraint of Rabbits 68

5.2.1 Basics 69

5.2.2 Approach and Capture of a Rabbit 69

5.2.3 Lifting a Rabbit into a Basket 71

5.2.4 Restraint of a Rabbit on a Table 73

5.2.5 Restraint for Sexing or Examination of the Abdomen 75

5.2.6 Restraint for Aggressive Rabbits 76

5.2.7 Alternative Restraint Methods for Rabbits 77

5.2.8 Towel Wrap or 'Bunny Burrito' 77

5.2.9 Tonic Immobilization 78

5.3 Aggression 79

5.3.1 Aggression as a Normal Behaviour 80

5.3.2 Aggression as an Abnormal Behaviour 81

5.3.3 Preventing and Minimizing Aggressive Behaviour 81

Key Points 82

Self-assessment Questions 82

6 Handling and Restraint of Rodents 85

Bridget Roberts and Stella J. Chapman

6.1 General Species Information 85

6.1.1 Guinea Pigs 85

6.1.2 Rats 86

6.1.3 Mice 86

6.1.4 Hamsters 86

6.1.5 Gerbils 87

6.2 Behaviour of Rodents 87

6.2.1 Anatomical Considerations 87

6.2.2 Social Behaviour 87

6.2.3 Communication 88

6.3 Handling and Restraint of Small Rodents 88

6.3.1 General Guidelines 88

6.3.2 Points to Consider 90

6.3.3 Mice 90

6.3.4 Hamsters and Gerbils 90

6.4 Handling and Restraint of Rats 94

6.4.1 Approach 94

6.4.2 Capture 94

6.4.3 General Table Restraint	94
6.4.4 Restraint for Sexing or Examination of the Abdomen	95
6.4.5 Additional Methods of Restraint	96
6.4.6 Aggression	97
6.5 Handling and Restraint of Guinea Pigs	98
6.5.1 Approach	98
6.5.2 Capture	99
6.5.3 General Table Restraint	100
6.5.4 Restraint for Sexing or Examination of the Abdomen	102
6.5.5 Carrying a Guinea Pig	102
6.5.6 Aggression in Guinea Pigs	102
Key Points	103
Self-assessment Questions	104

8 Handling and Restraint of Horses and Donkeys 115

Stella J. Chapman and Krista M. McLennan

8.1 Equine Behaviour 116

8.1.1 Temperament 116

8.1.2 Communication 117

8.1.3 Key Differences Between Horses and Donkeys 119

8.1.3.1 In General 119

8.1.3.2 How Donkey Behaviour Can Affect Handling 119

8.1.3.3 How to Use Behavioural Traits to Effect when Handling Donkeys 120

8.2 How to Approach a Horse/Donkey 120

8.3 How to Put on a Head Collar and Lead in Hand 121

8.3.1 How to Put a Head Collar on a Horse in the Stable 121

8.3.2 How to Put a Head Collar on a Donkey in the Field 124

8.3.3 Quick Release Knot 124

8.3.4 How to Lead in Hand 127

8.4 Physical Restraint 130

8.5 Methods and Equipment 130

8.5.1 Head Collar 130

8.5.2 Bridle 131

8.5.3 Chiffney Bit 131

8.5.4 Twitch 131

8.5.5 Stocks 134

8.5.6 Tail Restraint 135

8.5.7 Physical Restraint of Donkeys 137

8.6 Training for Restraint 139

8.6.1 Training Donkeys for Restraint 141

8.7 Handling and Restraint of Foals 144

8.7.1 Development of Behaviour 144

8.7.2 Restraint of Foals 146

8.8 Handling and Restraint of Stallions 149

9 Handling and Restraint of Cattle 153

Krista M. McLennan and Stella J. Chapman

9.1 Behaviour 153

9.1.1 Dairy and Beef Cattle 153

9.2 How to Use Behavioural Traits to Good Effect When Handling 154

9.2.1 Cattle as a Prey Animal 154

9.2.2 Flight Zone and Point of Balance 155

9.2.3 Cattle as a Social Species 156

9.2.4 Previous Experience 156

9.2.5 Cattle Signals to Look For 157

9.3 How to Approach and Move Cattle 157

9.3.1 Approaching and Moving a Group of Cattle 158

9.3.2 Approaching and Moving the Individual 158

9.3.3 Moving a Calf 160

9.4 Handling Facilities 160

9.4.1 Special Note: Bulls and Calves; Use of Dogs and Vehicles 163

9.5 How to Restrain Cattle 166

9.5.1 Physical Restraint 166

9.5.2 Roping or Casting 173

9.6 Training for Restraint 176

9.7 Special Considerations 176
