

# **TABLE OF CONTENTS**

## **Textbook of Equine Veterinary Nursing**

List of Contributors

Foreword

Preface

### **1 Operational Requirements in Equine Practice 1**

*Rosina Lillywhite*

Glossary 1

1.1 Aims of Health and Safety 1

1.2 Health and Safety Legislation 2

1.3 Risk Assessments 17

1.4 Fire Safety 18

1.5 Personal Protective Equipment (PPE) 23

1.6 Accident Reporting 24

1.7 Maintaining Equipment in Practice 25

1.8 Emergency First Aid 29

1.9 Working Time Requirements and Pay 30

References 31

### **2 Professional Relationships and Communication 33**

*Marie Rippingale, Sophie Pearson, and Rosina Lillywhite*

Introduction 33

2.1 The Dynamics of Communication 33

2.2 Communicating with Clients 42

2.3 Factors Affecting Working Relationships with Clients 45

2.4 Relationships and Communication Within the Veterinary Team 48

2.5 Operation of a Veterinary Reception Desk 50

2.6 Customer Service 54

References 56

Further Reading 57

### **3 Professional Veterinary Nursing Responsibilities 59**

*Judith Parry*

3.1 The Legal Framework for Veterinary Nursing Practice 59

3.2 Professional Status and Accountability 61

3.3 Ethical Principles 65

3.4 Consent 69

3.5 Legal and Ethical Duties to Self, Clients, Colleagues and Animals 74

3.6 The Professional Role of an Equine Registered Veterinary Nurse in Practice 76

References 76

Useful Websites 77

### **4 Equine Anatomy and Physiology 79**

*Lucy Middlecote and Sophie Pearson*

4.1 Veterinary Terminology 79

4.2 Anatomical Boundaries and Body Cavities 79

4.3 Cell Biology 86

4.4 Basic Tissue Types 90

4.5 Structure and Function of the Integument 92

4.6 Structure and Function of the Musculoskeletal System 94

4.7 Structure and Function of the Nervous System and the Special Senses 109

4.8 Structure and Function of the Endocrine System 117

4.9 Structure and Function of the Circulatory System 120

4.10 Structure and Function of the Lymphatic System 126

4.11 Structure and Function of the Respiratory System 128

4.12 Structure and Function of the Digestive System 131

4.13 Structure and Function of the Urinary System 138

4.14 Structure and Function of the Reproductive System 141

References 145

### **5 Applied Equine Welfare, Health and Husbandry 147**

*Nicola Smith, Louise Pailor, Lynn Irving, Kassie Hill, George Hunt, Cassie Woods, Bonny Millar, and Marie Rippingale*

Introduction 147

5.1 The Principles of Equine Welfare 147

5.2 Essential Factors for Maintaining Equine Health 150

5.3 Nutritional Requirements of Equine Patients 169

5.4 Methods of Equine Identification 186  
5.5 Behaviour and Handling and Restraint Techniques 192  
5.6 Transportation of Equine Patients 197  
References 201

Further Reading 204

## **6 Infection Control 205**

*Jane Devaney*

6.1 Disease Transmission 205  
6.2 Microorganisms 209  
6.3 Antimicrobial Resistance 215  
6.4 Infection Control Measures in Equine Practice 218  
6.5 Antiseptics and Disinfectants 218  
6.6 Effective Clinical Cleaning 218  
6.7 Isolation and Barrier Nursing 223  
6.8 Clinical Audits 225

Acknowledgement 225

References 225

Further Reading 226

## **7 Diagnostic Imaging 227**

*Rosina Lillywhite and Cassie Woods*

Glossary 227

7.1 Key Features of Legislation and Radiation Safety 228  
7.2 Principles and Production of Radiation 231  
7.3 Scintigraphy 273  
7.4 Other Imaging Modalities 275

References 291

Further Reading 292

## **8 Laboratory 293**

*Victoria Milne, Marie Rippingale, and Rosina Lillywhite*

Introduction 293

8.1 Safe Use of Laboratory Equipment 293  
8.2 Sample Collection and Testing 300  
8.3 Commercial Test Kits 325

8.4 Causes of Sample Deterioration or Loss 326

8.5 Packaging of Samples 326

8.6 Laboratory Sample Paperwork 328

8.7 Laboratory Results 328

References 328

Further Reading 329

## **9 Pharmacology and Dispensary Management 331**

*Phillippa Pritchard, Rosina Lillywhite, and Marie Rippingale*

Pharmacy Terminology and Abbreviations 331

9.1 Legal Requirements for Storing and Supplying Veterinary Medicines 331

9.2 The Role of the Suitably Qualified Person – SQP 340

9.3 Pharmacology 345

9.4 Common Classifications of Medications 350

9.5 Routes of Administration for Medications 377

9.6 Adverse Reactions 380

References 381

Further Reading 384

## **10 Anaesthesia and Analgesia 385**

*Alison Bennell, Kate Loomes, and Marie Rippingale*

Glossary 385

10.1 The Principles of Anaesthesia 385

10.2 Anaesthetic Drugs 393

10.3 Anaesthetic Equipment 399

10.4 Anaesthetic Risks and Induction 415

10.5 Monitoring Techniques for Anaesthetised Equine Patients 424

10.6 Anaesthetic Emergencies 444

References 449

Further Reading 456

## **11 Theatre Practice 457**

*Rosie Heath, Nicola Rose, and Rosina Lillywhite*

Glossary 457

11.1 The Principles of Operating Theatre Design and Use 457

11.2 Maintenance and Cleaning of the Theatre Suite 461

11.3 Roles in the Operating Theatre 464

11.4 Instruments 473

11.5 Suture Materials 487

11.6 Instrument Care and Sterilisation 495

References 501

## **12 Surgical Nursing and Patient Care 505**

*Natalie Karla Fisk, Lisa Harrison, Rosina Lillywhite, Marie Rippingale, and Nicola Rose*

Glossary 505

12.1 Admitting the Surgical Patient 505

12.2 Preparing the Surgical Patient 507

12.3 Wounds 517

12.4 Fracture Repair 522

12.5 Equine Dental Surgery 543

12.6 Sinus Surgery 545

12.7 Requirements for Handover from the Operating Theatre 546

12.8 Surgical Nursing and Patient Care for Specific Procedures 547

12.9 Oncological Treatments 557

References 559

Further Reading 561

## **13 Medical Nursing and Patient Care 563**

*Victoria Gregory and Lyndsey Bett*

Glossary 563

Introduction 563

13.1 Commonly Encountered Medical Disorders 563

13.2 Pathophysiological States and Common Pathologies Affecting Patients 593

13.3 Abnormal Diagnostic Test Results 595

13.4 Care Plans and Care Bundles 599

13.5 Chronic Wound Care 611

13.6 Effective Home and Follow-up Care for Horses with Long-term Illness 619

References 623

Further Reading 624

## **14 Emergency and Critical Care Nursing 625**

*Bonny Millar, Phillippa Pritchard, Marie Rippingale, and Rosina Lillywhite*

14.1 First Aid	625
14.2 Work-up of the Emergent Patient	631
14.3 Accommodation for Critically Ill Patients	634
14.4 Nursing Requirements of the Critically Ill Horse	638
14.5 Critical Care Techniques for Respiratory Disorders	640
14.6 Management of the Patient with Critical Thoracic Trauma	642
14.7 Intensive Nursing Requirements for Horses	642
14.8 Fluid Therapy	648
14.9 Blood Products	654
14.10 Pain Assessment in Equine Patients	657
References	661
Further Reading	663
Useful Links	664

## **15 Equine Reproduction, Parturition and Neonatal Nursing Care 665**

*Sarah Baillie*

15.1 Equine Reproduction and Breeding	665
15.2 Normal Foal Physiology and Development	672
15.3 Foal Nutrition and Feeding	679
15.4 Routine Veterinary Care of Normal Foals	683
15.5 Nursing Requirements of Sick Foals	686
15.6 Nursing Support of Foals Undergoing Investigations and Supportive Therapies	691
15.7 Monitoring Techniques for Sick Foals	695
References	696
Further Reading	697

## **16 Donkeys 699**

*Dominique Doyle, Chloe Skewes, and Marie Rippingale*

Introduction	699
16.1 Behaviour	699
16.2 Handling and Restraint	700
16.3 Nutrition	702
16.4 Differences in Anatomy and Physiology	703
16.5 Common Donkey Disorders	707
16.6 Pain Recognition in Donkeys	717

16.7 The Role of the RVN in Facilitating Owner Concordance 718

16.8 Conclusion 720

Acknowledgement 720

References 720

Further Reading 721

Useful Links 721

## **17 Practical Equine Veterinary Nursing 723**

*Marie Rippingale, Kate Lambert, Cassie Woods, Tamsyn Amos, and Bonny Millar*

17.1 Clinical Examination 723

17.2 Administration of Medication 730

17.3 Intravenous Catheter Placement 738

17.4 Bandaging Techniques 744

17.5 Nasogastric Intubation 752

17.6 Urinary Catheterisation 756

17.7 Physical Therapy Techniques 759

17.8 Euthanasia 771

References 774

Further Reading 776

## **18 Exam Technique and Revision Aids 777**

*Susan L. Holt*

18.1 Preparing to Study 777

18.2 Revision 779

18.3 Written Exam Technique 781

18.4 Practical and Oral Assessments 781

18.5 Summary 783

Example Questions 784

References 786

Further Reading 787

Links 787

## **19 Career Progression 789**

*Sarah Baillie*

Introduction 789

19.1 Progression Within Clinical Practice 789

19.2 Management Roles in Practice	792
19.3 Roles in Education	795
19.4 Opportunities to Undertake Further Education	796
19.5 Roles in Research	797
19.6 Charitable Volunteering of Time and Skills	797
19.7 Career Sustainability	797
References	798
Further Reading	798
Index	799.
